

Martin. Your single source for gears of all types and sizes.

SPUR, BEVEL, MITER, WORM AND WORM GEAR, GEAR RACK AND MORE.

Any type, any size, stock or custom-made. That's what we can provide through a nationwide network of distributors second-to-none in America. And that's true product availability.

As a prime American gear source, we've learned that customer requirements come in every size and style. A top quality product line, and quick delivery from coast-to-coast. It's been our successful philosophy for all this time. And we're going to continue

that tradition today and into the future. Check it out with your *Martin* distributor. He'll show you what we mean.
